

Google Maps in 10 Easy Steps

1. Go to your search engine and type in maps.google.com
2. Sign into Google (top right hand corner) using your district email.
3. Click on the **drop down icon** ≡ to show menu.
4. Click on **My Maps** (6th icon down).
5. Click **Create** (pencil on the right corner of menu).
6. Click **Import**.
7. Click **Select a File from Your Computer** (OR upload from Google Drive).
8. Choose **ALL Columns** to position your markers.
9. Choose the **Title of your marker** and click **Finish**.
10. **Title your map** (top of your drop down menu).

To ADD layers

11. Click the **Add Layer** icon (below the name of your map).
12. Click **Import**.
13. Click **Select File from Your Computer** (OR upload from Google Drive).
14. Choose **ALL Columns** to position your markers.
15. Choose the **Title of your marker** and click **Finish**.

Remember, you can also customize your map markers by color and shapes. The customization possibilities are endless!
